Job Descriptions:

Role:

To provide strategic leadership and oversight for the end-to-end delivery of all SAP implementation and support projects. Ensures projects are delivered on time, within budget, and to the highest quality standards, while achieving client satisfaction and business value.

Key Responsibilities:

- **Portfolio & P&L Management:** Own the P&L for the SAP delivery portfolio, ensuring profitability, revenue growth, and cost management.
- **Governance & Quality:** Establish and govern delivery standards, methodologies (e.g., Activate, Agile), and quality assurance processes for all SAP projects.
- **Client Management:** Act as the primary point of escalation for clients, managing key relationships and ensuring high levels of client satisfaction and referenceability.
- **Resource & Team Leadership:** Lead, mentor, and develop a large team of SAP functional and technical consultants; optimize resource allocation across projects.
- **Risk & Issue Management:** Proactively identify and mitigate project risks and issues across the entire portfolio.
- **Strategic Growth:** Collaborate with sales and pre-sales teams to shape proposals, solution new deals, and identify opportunities for account growth.
- **Continuous Improvement:** Drive innovation and continuous improvement in delivery capabilities, including embracing new solutions like S/4HANA and BTP.
